Amendment No. 1**

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended **June 30, 2017**

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the transition period from _____ to _____

Commission file number **333-171064**

TEXAS SOUTH ENERGY, INC.
(Exact name of registrant as specified in its charter)

Nevada

*(State or other jurisdiction of
incorporation or organization)*

**4450 Post Oak Place, Suite 300
Houston, Texas**

(Address of principal executive offices)

99-0362471

*(I.R.S. Employer
Identification No.)*

77027

(Zip Code)

(713) 820-6300

(Registrant's telephone number)

Indicate by check mark whether the registrant (1) filed all reports required to be filed by Section 13 or 15(d) of the Exchange Act during the past 12 months (or for such shorter period that the registrant was require to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, or a non-accelerated filer, smaller reporting company, or an emerging growth company. See the definitions of "large accelerated filer", "accelerated filer", "smaller reporting company" and emerging growth company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer

Accelerated filer

Non-accelerated filer

Smaller reporting company

Emerging growth company

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 7(a)(2)(B) of the Securities Act.

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

As of August 9, 2017, the registrant's outstanding common stock consisted of 781,290,670 shares.

EXPLANATORY NOTE

Texas South Energy, Inc. (the “Company”) files this Amendment to its Quarterly Report on Form 10-Q for the second quarter of the 2017 calendar year to correct a scrivener's error. In the Company's original filing, the Company inadvertently checked “Yes” as to whether the Company was a shell company (as defined in Rule 12b-2 of the Exchange Act). However, the Company has not been a shell company (as defined in Rule 12b-2 of the Exchange Act) since 2013. This Amendment corrects that error. The remainder of the Quarterly Report is unchanged.

PART I - FINANCIAL INFORMATION

ITEM 1. CONSOLIDATED FINANCIAL STATEMENTS

In January 2017, Texas South Energy, Inc. formed Texas South Operating Company, Inc. as a wholly owned subsidiary of the Company. It was incorporated pursuant to the laws of the State of Texas on January 11, 2017.

Texas South Energy, Inc. and Texas South Operating Company, Inc. (collectively, the “Company”) provide consolidated financial statements effective with the March 31, 2017 filing. The consolidated financial statements reflect our accounts after elimination of all significant intercompany transactions and balances.

The accompanying unaudited consolidated financial statements have been prepared in all material respects in accordance with United States generally accepted accounting principles (“U.S. GAAP”) for interim financial information. Pursuant to the rules and regulations of the Securities and Exchange Commission (the “SEC”), certain information and footnote disclosures normally included in the annual financial statements prepared in accordance with U.S. GAAP have been condensed or omitted. The accompanying unaudited consolidated financial statements have been prepared on the same basis as the audited financial statements for the year ended October 31, 2016 and the transition report for the two months ended December 31, 2016.

Because certain information and footnote disclosures have been condensed or omitted, these unaudited consolidated financial statements should be read in conjunction with the audited financial statements and notes thereto as of and for the year ended October 31, 2016, which are included in the Company’s annual report for the year ended October 31, 2016 (the “2016 Annual Report”) and for the Transition Report filed on Form 10-K for the two months ended December 31, 2016. In management’s opinion, all normal and recurring adjustments considered necessary for a fair presentation of the financial position, results of operations and cash flows for the periods presented have been included. Management believes that the disclosures made in these unaudited financial statements are adequate to make the information not misleading. Interim period operating results do not necessarily indicate the results that may be expected for any other interim period or for the full fiscal year.

There have been no changes in the Company’s significant accounting policies from those that were disclosed in the Company’s 2016 Annual Report or the December 31, 2016 Transition Report.

Texas South Energy, Inc.
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
June 30, 2017
(UNAUDITED)

NOTE 1 - NATURE OF OPERATIONS AND BASIS OF PRESENTATION

Texas South Energy, Inc. (the “Company”) was incorporated pursuant to the laws of the State of Nevada on March 15, 2010. The Company is engaged in the oil and gas business, generating or acquiring oil and gas projects, drilling and operating the wells and producing the oil and gas reserves.

On January 11, 2017, pursuant to the laws of the State of Texas, the Company formed Texas South Operating Company, Inc. as a wholly owned subsidiary of the Company. Texas South Energy, Inc. and Texas South Operating Company, Inc. (collectively, the “Company”) now file consolidated financial statements effective with the March 31, 2017 filing. The consolidated financial statements reflect our accounts after elimination of all significant intercompany transactions and balances.

While the Company had previously established a fiscal year end of October 31, on March 3, 2017 the Company adopted a year end of December 31. A transition 10-K was filed for the period November 2016 through December 2016 to report the change in our year end.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Consolidation and Basis of Presentation

The accompanying unaudited consolidated financial statements have been prepared in all material respects in accordance with United States generally accepted accounting principles (“U.S. GAAP”) for interim financial information. Intercompany accounts and transactions are eliminated. Pursuant to the rules and regulations of the Securities and Exchange Commission (the “SEC”), certain information and footnote disclosures normally included in the annual financial statements prepared in accordance with U.S. GAAP have been condensed or omitted. The accompanying unaudited consolidated financial statements have been prepared on the same basis as the audited financial statements for the year ended October 31, 2016 and the transition report for November 1, 2016 through December 31, 2016. The exception being that the 2016 financial statements were not consolidated with Texas South Operating Company, Inc. since the Company had not yet been organized.

Because certain information and footnote disclosures have been condensed or omitted, these unaudited consolidated financial statements should be read in conjunction with the audited financial statements and notes thereto as of and for the year ended October 31, 2016, which are included in the Company’s annual report for the year ended October 31, 2016 (the “2016 Annual Report”) and the transition report for the period of November 1 through December 31, 2016. In management’s opinion, all normal and recurring adjustments considered necessary for a fair presentation of the financial position, results of operations and cash flows for the periods presented have been included. Management believes that the disclosures made in these unaudited consolidated financial statements are adequate to make the information not misleading. Interim period operating results do not necessarily indicate the results that may be expected for any other interim period or for the full fiscal year.

There have been no changes in the Company’s significant accounting policies from those that were disclosed in the Company’s 2016 Annual Report or the transition report for the two months ended December 31, 2016.

Use of Estimates and Assumptions

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period.

While management believes that such estimates are reasonable when considered in conjunction with the financial position and results of operations taken as a whole, actual results could differ from those estimates, and such differences may be material to the financial statements.

Basic and Diluted Net Loss per Share

The Company computes loss per share in accordance with ASC 260, "Earnings per Share" which requires presentation of both basic and diluted earnings per share on the face of the statement of operations. Basic loss per share is computed by dividing net loss available to common shareholders by the weighted average number of outstanding common shares during the period. Diluted loss per share gives effect to all dilutive potential common shares outstanding during the period. Dilutive loss per share excludes all potential common shares if their effect is anti-dilutive. The Company has no potential dilutive instruments and accordingly basic loss and diluted loss per share are the same.

Recent Accounting Pronouncements

In May 2014, the Financial Accounting Standards Board (“FASB”) issued its final standard on revenue from contracts with customers. The standard, issued as Accounting Standards Update (“ASU”) No. 2014-09: *Revenue from Contracts with Customers (Topic 606)*, outlines a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers and supersedes most current revenue recognition guidance, including industry-specific guidance. The core principle of the revenue model is that “an entity recognizes revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services.” ASU 2014-09 becomes effective for reporting periods (including interim periods) beginning after December 15, 2017. Early application is permitted for reporting periods (including interim periods) beginning after December 15, 2016. This new standard permits the use of either the retrospective or cumulative effect transition method. Because the Company currently has such low revenues, the new guidance is not expected to have a material impact on its financial statements and related disclosures.

In September 2015, FASB issued an accounting standards update for “Business Combinations,” which requires that an acquirer recognize adjustments to provisional amounts that are identified during the measurement period in the reporting period in which the adjustment amounts are determined. We adopted this new guidance prospectively in the first quarter of 2016.

Other new pronouncements issued but not effective until after June 30, 2017 are not expected to have a material impact on the Company’s financial position, results of operations, or cash flows.

NOTE 3 - GOING CONCERN

The Company’s financial statements are prepared in accordance with generally accepted accounting principles applicable to a going concern. This contemplates the realization of assets and the liquidation of liabilities in the normal course of business. Currently, the Company does not have sufficient cash, nor does it have operations or a source of revenue sufficient to cover its operational costs in order to allow it to continue as a going concern. The Company has accumulated losses as of June 30, 2017 of \$11,307,403. The Company will be dependent upon the raising of additional capital through the sale of its existing projects and/or the best-efforts placement of its equity and/or debt securities in order to implement its business plan. There can be no assurance that the Company will be successful in either situation in order to continue as a going concern. These factors raise substantial doubt regarding the Company’s ability to continue as a going concern. These financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts, or amounts and classification of liabilities that might result from this uncertainty.

NOTE 4 - OIL & GAS PROPERTIES

In January 2014, the Company entered into a contract for sale with the owner of mineral interests in 86.69 acres in Lavaca County, Texas (the “Acreage”) pursuant to which the Company acquired a 37.5% interest in the Acreage’s mineral rights, including the oil and gas rights (the “Acquired Interest”). In exchange for the Acquired Interest, the Company paid the seller \$270,000 in cash and issued the seller 2,000,000 shares of the Company’s common stock, valued at \$100,000. During the six months ended June 30, 2016, the Company earned revenues of \$6,664 associated with these interests. In June 2016, the Company entered into a contract for sale with James M. Askew, an affiliate, to sell its mineral interests in 86.69 acres in Lavaca County, Texas in which the Company owns a 37.5% interest in the Acreage’s mineral rights, in consideration of Mr. Askew, former chief executive officer and sole director, forgiving \$170,000 of indebtedness owed to him. The Company recorded impairment expense of \$200,000 associated with these interests.

In March 2014, the Company entered into a farm out letter agreement with GulfSlope Energy, Inc. (“GulfSlope”), relating to certain prospects located within 2.2 million acres of 3D seismic licensed and interpreted by GulfSlope. At the time the farm out agreement was entered into, the Company’s chief executive officer and sole director, Mr. Askew, was also a director of GulfSlope. Mr. Askew resigned as a director of GulfSlope effective March 27, 2014. Under the terms of the farm-out letter agreement, as amended in September 2015, the Company acquired contractual rights to a 20% working interest in six prospects for aggregate consideration of \$10,000,000. In accordance with the agreement, the Company has paid its proportionate share of the net rental costs related to the prospects. GulfSlope is the operator of record. The mineral interests are unproved as of June 30, 2017.

In May 2016, the Company entered into a letter agreement with GulfSlope and paid \$400,000 for the right to enter into mutually agreeable future definitive agreements to provide for the participation by the Company in drilling one well on Vermilion Area, South Addition Block 378 (“Canoe Prospect”) and one well on Vermilion Area South Addition Block 375 (“Selectron Prospect”). In June 2016, EnerGulf Resources Inc. (“EnerGulf”) paid the Company \$400,000 to participate in the Canoe Prospect and the Selectron Prospect. Subject to the negotiation of future definitive agreements with GulfSlope and EnerGulf and financing being raised by the Company, it is expected that operations shall commence on these prospects and the Company and EnerGulf shall participate in the drilling of one or more wells to approximately 5,000’ MD/TVD on each of the Canoe Prospect and Selectron Prospect by the end of 2017.

In January 2017, the Company entered into an asset purchase agreement with Sydson Energy, Inc. (“Sydson Energy”) and Sydson Resources, L.P. (“Sydson Resources” and collectively with Sydson Energy, “Sydson”), where Sydson assigned to us certain onshore oil and gas assets and interests and certain tangible assets and additionally, certain employees and a consultant of Sydson have agreed to become employees and a consultant of the Company. Sydson is a private oil and gas company with land operations in Texas and Louisiana that has been in business since 1982. The oil and gas assets include the following:

- In the Bayou Bouillon Field, St. Martin and Iberville Parishes, Louisiana, we were to acquire a 37.5% working interest in the Sugarberry South Project comprising 420 acres. However, Texas South was unable to obtain sufficient capital to fulfill certain requirements of the Purchase and Sale Agreement with Thyssen Petroleum for the Sugarberry South project related to earning additional acreage rights beyond the Sugarberry No. 6 well. The agreement has now been terminated except for Texas South’s rights to a 50% working interest in the Sugarberry No. 6 well. The Company is in discussion with Thyssen Petroleum on other farmout activity related to deeper zones at Bayou Bouillon.
- In Texas, we acquired a 50% working interest in the undrilled acreage above 4,500’ in the West Tuleta Field, Bee County, Texas comprised of approximately 1,800 gross acres and 900 net acres with a net revenue interest of approximately 75%. The primary drilling objectives are the Vicksburg and Hockley sands which are structurally high on this acreage to historic downdip production from these sands totaling over 500,000 BO.
- In the adjacent Ray Field, also in Bee County, Texas, we acquired a 50% working interest in the undrilled, acreage on the Walton, Campbell, and Ray leases comprising approximately 75 gross acres with a net revenue interest of approximately 75%. The primary drilling objectives on this acreage are also the Vicksburg and Hockley sands updip to prior production, also above 3,700’.
- In other areas of Southeast Texas, we acquired an interest in a proprietary 85 square mile 3-D seismic survey targeting Lower Wilcox Sands at approximately 10,000’. There are eight currently defined and mapped prospects in which we intend to acquire leases that are apparent on the seismic data and match the geologic setting of three existing Lower Wilcox fields within the boundaries of the survey.
- Northwest of that survey, we intend to acquire leases covering approximately 1,000 acres for horizontal projects above 6,000’ in the Austin Chalk and Buda Lime formation. These projects are adjacent to substantial prior production and contain both conventional and unconventional oil targets.

In connection with the asset acquisition, certain officers and employees of Sydson have become officers, a consultant and employees of the Company, including Michael J. Mayell as chief executive officer, James L. Gunderson as manager of land, Robert F. Goldstein as a geological consultant, and Lecia Alexander as controller. Certain other non-executive employees and consultants of Sydson became at-will employees of the Company. John B. Connally III joined our board as chairman.

In connection with the asset acquisition, the Company acquired a variety of proprietary seismic data, computer equipment, furniture and fixtures and other office equipment.

The consideration payable by the Company to Sydson and affiliates was (i) 100 million shares of Company common stock to Michael J. Mayell valued at \$845,000 and (ii) \$250,000 through a promissory note originally due March 5, 2017, and was amended to January 1, 2019.

In conjunction with the acquisition, the Company agreed to pay \$1,250,000 of Sydson's future development costs attributable to its retained working interests in the oil and gas prospects conveyed to the Company and carried interests to casing point for Sydson's working interests on the first well in each of the West Tuleta prospect, Ray Field prospect and the Wilinda prospect.

The purchase price of this asset acquisition is summarized below:

Furniture & Fixtures, Software, Equipment	\$ 35,556
Deposit – office rent	8,340
Prepaid expenses	27,616
Note Payable – insurance	(6,822)
Leasehold rights	1,030,310
Total purchase price	<u>\$ 1,095,000</u>

NOTE 5 - COMMON STOCK

The Company has 950,000,000 shares of common stock authorized with a par value of \$0.001. As of June 30, 2017 the Company has 781,290,670 shares of common stock issued and outstanding. During the six months ended June 30, 2017, the Company sold 15,250,000 shares of stock at a price of \$.02 per share for a total of \$305,000. The Company issued 112,550,000 shares of stock for services rendered valued between \$0.005 and \$0.00845, including 65.1 million shares to Mr. Connally and 27 million shares to Mr. Askew. Mr. Mayell was issued 100,000,000 shares in January, 2017 in connection with the asset purchase from Sydson.

NOTE 6 - RELATED PARTY TRANSACTIONS

In September 2013, the Company entered into a one-year employment agreement with its former director and chief executive officer James Askew. The agreement provided for a one-time issuance of 69,000,000 shares of common stock, \$75,000 cash signing bonus, and \$35,000 cash compensation per month. Per the agreement, Mr. Askew was paid a \$75,000 cash bonus in September 2013, and issued 69,000,000 shares of the Company's common stock in September 2013. In March 2014, Company entered into an indemnification agreement with Mr. Askew tracking the statutory provisions of the Nevada Statutes and extended the term of the agreement for one year. In September 2015, James Askew's employment agreement was further amended to extend the term of the agreement to September 30, 2018. During the year ended October 31, 2016, the Company made cash payments and issued Mr. Askew 14 million shares of common stock in exchange for \$280,000 of the accrued compensation. Additionally, in accordance with the employment agreement, the Company paid Mr. Askew \$420,000 for compensation and a \$50,000 bonus for the fiscal year ended October 31, 2016. During the two month period ending December 31, 2016, the Company paid him \$105,000 in compensation, \$9,000 in bonuses and \$38,030 for expense reimbursements. A prepayment of the January 2017 consulting agreement of \$35,000 was included in the \$105,000 compensation payments.

Mr. Askew, our former chief executive officer and director for over three years, is currently a key consultant to the Company. He resigned effective January 3, 2017 and signed a consulting agreement which is discussed in more detail in footnote 9 “Commitments and Contingencies”.

The Company had received unsecured advances during 2013 and prior from a prior director in the amount of \$52,152. The amount of \$42,324 due to the related party was written off during the quarter ended March 31, 2017 and recorded as “Other Income” as a result of the expiration of the applicable statute of limitations. The remaining balance of \$9,828 is recorded within the ‘Due to related party’ line on the balance sheet.

In March 2014, the Company acquired 5,000,000 shares of restricted GulfSlope common stock from the Company’s former sole officer and director James Askew for a purchase price of \$268,000. At the time of the acquisition, Mr. Askew was also a director of GulfSlope. Mr. Askew resigned as a director of GulfSlope effective March 27, 2014. During the fiscal year ended October 31, 2016, the Company recorded an unrealized loss of \$185,000 to adjust the investment securities to fair market value. In February 2016, the Company sold the 5,000,000 shares of GulfSlope common stock with a cost value of \$268,000 for cash proceeds of \$50,000 and recorded a realized loss of \$218,000.

Mr. Mayell, our current chief executive officer and director effective January 4, 2017, is President of Sydson Energy, Inc. and Sydson Resources, LP (“Sydson”). During the six months ended June 30, 2017, Sydson and Mr. Mayell paid invoices on behalf of the Company. As of June 30, 2017, the Company owes Sydson \$93,464 and Mr. Mayell \$1,299 which are reported on the balance sheet as “Accounts payable - related party”.

As of June 30, 2017, the Company has accrued five months of Mr. Askew’s consulting agreement totaling \$175,000. This accrual is reported on the balance sheet as “Accrued expenses – related party”.

The Company has \$210,000 of compensation accrued to Mr. Mayell and \$150,000 to Mr. Connally as of June 30, 2017. Payroll taxes totaling \$32,136 related to the accrued compensation has been accrued. These accruals total \$392,136 and are reported within “Accrued expenses – related party – long term” on the balance sheet. The due dates for these liabilities are December 31, 2019 as a result of amendments dated March 1, 2017 to the compensation agreements.

In January 2017, the Company issued shares of stock to the following related parties: Mr. Askew 27 million shares, Mr. Mayell 100 million shares and Mr. Connally 65.1 million shares. See note 9 “Commitments and contingencies” for additional information.

As discussed in Note 7, the Company owes Sydson \$250,000 plus accrued interest – long term totaling \$12,763 on a note related to the acquisition of Sydson assets.

Also discussed in Note 7, Mr. Mayell and JTB Energy LLC have loaned the Company \$500,000, plus accrued interest – long term totaling \$6,111. JTB Energy LLC is a related party of Mr. Mayell.

NOTE 7 - NOTES PAYABLE

Effective March 23, 2017 the Company extended an unsecured promissory note with an accredited investor in the amount of \$1,700,000 to a payment date of January 1, 2019. The note was reduced by the assignment of a \$131,645 note receivable from EnerGulf Resources to the investor. As of June 30, 2017 the outstanding principal balance was \$1,568,355 and is included in “Notes Payable – long term” on the balance sheet. During the outstanding period, the note is convertible at the option of the investor up to \$800,000 of the outstanding principal and accrued interest into common shares at \$0.04 per share

The Company had received unsecured advances during 2013 and prior from a prior director in the amount of \$52,152. The amount of \$42,324 due to the related party was written off during the quarter ended March 31, 2017 and recorded as “Other Income” as a result of the expiration of the applicable statute of limitations. The remaining balance of \$9,828 is recorded within the ‘Due to related party’ line on the balance sheet.

In connection with the Sydson asset acquisition, part of the consideration was an unsecured \$250,000 note payable to Sydson due March 1, 2017. The note has been amended effective March 23, 2017 to extend the due date to January 1, 2019 and to charge a fixed rate of 10% interest on the note. The balance of \$250,000 is included in “Notes payable-related party” in the long term section of the balance sheet.

During April 2017, the Company received a loan of \$125,000 from Mr. Mayell and a loan of \$125,000 from JTB Energy, LLC. Both loans are secured by the \$10,000,000 offshore leases, payable upon demand with interest rates of 10% per annum. During the outstanding period, the notes are convertible at the option of the investor up to the outstanding principal and accrued interest into common shares at \$0.02 per share. These loans are both considered related party transactions.

During June 2017, the Company received an additional loan of \$125,000 from Mr. Mayell and an additional loan of \$125,000 from JTB Energy, LLC. Both loans are secured by the \$10,000,000 offshore leases, all payable upon demand with interest rates of 10% per annum. During the outstanding period, the notes are convertible at the option of the investor up to the outstanding principal and accrued interest into common shares at \$0.02 per share. These loans are both considered related party transactions.

NOTE 8 - FAIR VALUE OF FINANCIAL INSTRUMENTS

The Company's financial instruments are cash and accounts payable. The recorded values of cash and accounts payable approximate their fair values based on their short-term nature.

NOTE 9 - COMMITMENTS AND CONTINGENCIES

See Note 6 for a discussion of Mr. Askew's employment agreement and the Company's financial obligations with respect thereto. Mr. Askew resigned as an executive officer and director of Texas South in January 2017 and entered into a consulting agreement with the Company that began on January 5, 2017 and terminates on December 31, 2019, and such term shall be extended for an additional one-year period upon December 31 of each calendar year, commencing on December 31, 2017, provided that neither the Company nor consultant notify the other on or prior to 90 days before the applicable December 31st that either party does not intend to extend this agreement. The Company shall pay to Mr. Askew \$35,000 net per month and issued Mr. Askew 27 million shares of Company common stock. Upon termination of Mr. Askew by the Company other than for cause, Mr. Askew is entitled to receive three years of his then consulting compensation as severance.

The Company entered into an employment agreement with John B. Connally III to serve as chairman of the board that began on January 5, 2017 and terminates on December 31, 2019. Upon December 31 of each calendar year, commencing on December 31, 2017, the term shall be extended for one additional year, provided that neither the Company nor Mr. Connally notify the other on or prior to 90 days before the applicable December 31st date that either party does not intend to extend this agreement. The Company shall pay to Mr. Connally a base salary of \$420,000 per annum, issued him 65.1 million shares, and Mr. Connally shall be entitled to standard and customary benefits. Mr. Connally has agreed to standard non-disclosure provisions. Upon termination of Mr. Connally by the Company other than for cause, Mr. Connally is entitled to receive three years of his then compensation as severance.

The Company entered into an employment agreement with Mr. Mayell on January 4, 2017 that terminates on December 31, 2019. Upon December 31 of each calendar year, commencing on December 31, 2017, the term shall be extended for one additional year, provided that neither the Company nor Mr. Mayell notify the other on or prior to 90 days before the applicable December 31st date that either party does not intend to extend this agreement. The Company shall pay to Mr. Mayell a base salary of \$420,000 per annum and Mr. Mayell shall be entitled to standard and customary benefits. Mr. Mayell has agreed to standard non-disclosure and non-competition provisions. Upon termination of Mr. Mayell by the Company other than for cause, Mr. Mayell is entitled to receive three years of his then compensation as severance.

Effective March 1, 2017 the above mentioned agreements with Mr. Connally and Mr. Mayell were amended to extend the due dates. The payments are now due at the end of the terms of the agreements, which is December 31, 2019. These liabilities are accrued in the financial statements for the six months ended June 30, 2017, however they are now reported as long term on the balance sheet.

ITEM 2. MANAGEMENT DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion and analysis summarizes the significant factors affecting our operating results, financial condition, liquidity and cash flows as of and for the periods presented below. The following discussion and analysis should be read in conjunction with (i) the accompanying unaudited financial statements and notes thereto for the six months ended June 30, 2017 and 2016, and with our audited financial statements and notes thereto for the year ended October 31, 2016 included in the Company's Annual Report on Form 10-K (the "2016 Annual Report") and included in the Company's Transition Report on Form 10-K for the two months ended December 31, 2016 and (ii) the discussion under the caption "Management's Discussion and Analysis of Financial Condition and Results of Operations" of the 2016 Annual Report and the December 31, 2016 Transition Report.

Forward Looking Statements

This report on Form 10-Q contains certain forward-looking statements. All statements other than statements of historical fact are "forward-looking statements" for purposes of these provisions, including any projections of earnings, revenues, or other financial items; any statements of the plans, strategies, and objectives of management for future operation; any statements concerning proposed new products, services, or developments; any statements regarding future economic conditions or performance; statements of belief; and any statement of assumptions underlying any of the foregoing. Such forward-looking statements are subject to inherent risks and uncertainties, and actual results could differ materially from those anticipated by the forward-looking statements.

Business Overview

Beginning in September 2013, we changed our business plan to an oil and gas company focused primarily on properties in the Gulf Coast Region. We plan to acquire and manage working and non-working interests in oil and gas projects and properties.

Our business is subject to multiple factors effecting the production of oil and gas, including, but not limited to: market prices; national and international economic conditions; import and export quotas; availability of drilling rigs, casing, pipe, and other equipment and supplies; availability of and proximity to pipelines and other transportation facilities; the supply and price of competitive fuels; and the regulation of prices, production, transportation, and marketing by domestic and foreign governmental authorities. Additionally, we may not have control over whether the owner or operator of the lease will elect to explore for oil and gas on such properties, or to develop them following discoveries that may occur. Each of these factors may affect the rate at which oil and gas are produced, if ever, on properties in which we or may have an interest.

Our Current Mineral Interests

In January 2017, the Company entered into an asset purchase agreement with Sydson Energy, Inc. ("Sydson Energy") and Sydson Resources, L.P. ("Sydson Resources" and collectively with Sydson Energy, "Sydson"), where Sydson assigned to us certain onshore oil and gas assets and interests and certain tangible assets. The Company recorded approximately \$1,000,000 of leasehold interests in connection with this acquisition. See note 4 ("Oil and Gas Properties") for additional information regarding the acquisition and other mineral interests.

In May 2016, the Company entered into a letter agreement with GulfSlope and paid \$400,000 to GulfSlope for a Farm-in of 100% of the Working Interest down to 5000' on Vermilion Area, South Addition Block 378 ("Canoe Prospect") and on Vermilion Area South Addition Block 375 ("Selectron Prospect"). In June 2016, EnerGulf Resources Inc. ("EnerGulf") paid the Company \$400,000 to participate for a 16.8% Working Interest in the Canoe Prospect and the Selectron Prospect. Subject to the negotiation of future definitive agreements with GulfSlope and EnerGulf and financing for the wells being successfully raised by EnerGulf and the Company, it is expected that operations shall commence on these prospects by the end of 2017.

In March 2014, we entered into a farm out letter agreement with GulfSlope, relating to certain prospects GulfSlope bid on at the Central Gulf of Mexico Lease Sale 231, located within 2.2 million acres of 3-D seismic licensed and interpreted by GulfSlope. Under the terms of the farm-out letter agreement as amended in September 2015, we acquired contractual rights to a 20% Working Interest in six deep sub-salt or side-salt prospects for \$10,000,000. We have paid our proportionate share of the net rental costs related to the

prospects. GulfSlope is the operator of record on the prospects. The Company is discussing participation in the prospects with other parties at this time and, subject to the results of those discussions, hopes to begin drilling operations in late 2017 or early 2018.

Business and Acquisition Strategy

Our primary business strategy includes acquiring both operating and non-operating working interests in oil and gas properties throughout the Gulf Coast Region of Louisiana and Texas, including offshore prospects. We will consider acquisitions that serve as a platform for complementary operations. In January 2017, the Company acquired assets from Sydson Energy, Inc. and Sydson Resources.

The cost of implementing the forgoing programs will depend on what oil and gas interests are identified and available on terms acceptable to us. Even if we identify oil and gas interests that are available, the cost of pursuing and acquiring them could be significant. Our ability to pursue any such opportunities will be dependent on our ability to obtain financings through private equity, debt financings or agreements with joint venture partners. We can provide no assurance that we have the necessary cash available or will be able to successfully obtain the necessary financing or joint venture partners to pursue such opportunities.

We have incurred losses since our inception and expect to incur losses in future periods. We have relied primarily upon the sale of our equity securities to fund operations to this point in time.

Liquidity and Capital Resources

As of June 30, 2017, we had a cash balance of \$38,230 and a working capital deficit of \$914,990. Our working capital deficit includes \$779,591 due to related parties including our management. Our accumulated deficit from inception (March 15, 2010) to June 30, 2017 was \$11,307,403. For the six months ended June 30, 2017, our net loss of \$2,273,110 was mostly funded by proceeds raised from equity financings and loans from related parties. Consulting expenses of \$884,635 are included in the net loss, however shares of stock were issued in connection with these services, not cash. During the six months ended June 30, 2017, our cash position decreased by \$286,859 as a result of the partial acquisition of the Bayou Bouillon property, rental payments on the offshore leases and increased general and administrative expenses.

During the six months ended June 30, 2017, we issued 227,800,000 shares of common stock, of which 15,250,000 shares were issued for cash in the amount of \$305,000 and 112,550,000 shares were issued for services. A total of 100,000,000 shares were issued as part of the consideration paid for the Sydson asset acquisition.

We will need additional financing to carry out our business plan. Specifically, we will need cash to fund our obligations with respect to (i) drilling the Canoe Prospect and Selectron Prospect, (ii) funding our other farm-out obligations with GulfSlope pursuant to our March 2014 farm-out letter agreement, and (iii) funding our contingent liabilities to Sydson once drilling begins on the properties acquired. Obtaining additional financing will be subject to a number of factors including market conditions, investor acceptance of our business plan, and other conditions outside of our control. These factors may make the timing, amount, terms and conditions of additional financing unattractive or unavailable to us. If we cannot raise additional funds, we will not be able to carry out our business plans and may cease operations.

Results of Operations for the Three months ended June 30, 2017 compared to the Three months ended June 30, 2016

We earned revenue of \$0 and \$433 during the three months ended June 30, 2017 and 2016. Included in "Other income" are royalty payments received during the quarter ended June 30, 2017. General and administrative expenses were \$642,481 for the three months ended June 30, 2017 compared to \$366,450 for the three months ended June 30, 2016. Impairment expenses of \$200,000 were recorded during the three months ended June 30, 2016 and none were recorded during the three months ended June 30, 2017. Interest expense was \$45,547 during the three months ended June 30, 2016 and \$51,788 during the three months ended June 30, 2017.

We had a net loss of \$695,513 for the three months ended June 30, 2017, compared to a net loss of \$611,564 for the three months ended June 30, 2016. The increase in the net loss was primarily due to the general and administrative expenses related to the new employees and office expenses incurred beginning January 4, 2017.

The basic and diluted loss per share for the three months ended June 30, 2017 and 2016 was \$(0.00).

Results of Operations for the Six months ended June 30, 2017 compared to the Six months ended June 30, 2016

We earned revenue of \$0 and \$6,664 during the six months ended June 30, 2017 and 2016. Included in “Other income” is the write off of the shareholder note payable for \$42,324 during the quarter ended March 31, 2017. General and administrative expenses were \$2,216,668 for the six months ended June 30, 2017, of which \$845,710 were non-cash expenses, compared to \$575,337 for the six months ended June 30, 2016. The loss on the sale of securities was \$0 for the six months ended June 30, 2017, compared to \$218,000 for the six months ended June 30, 2016. Interest expense was \$96,208 for the six months ended June 30, 2017, compared to \$91,341 for the six months ended June 30, 2016. The increase in interest expense is due to the additional loans during the six months ended June 30, 2017.

We had a net loss of \$2,273,110 for the six months ended June 30, 2017, compared to \$1,078,014 for the six months ended June 30, 2016. The increase in the net loss of \$1,195,096 was primarily due to issuance of stock for consulting services totaling \$884,635, the payroll and other office expenses the Company incurred beginning January 4, 2017, related to the new employees and office space, and the legal and accounting fees related to the asset acquisition.

The basic and diluted loss per share for the six months ended June 30, 2017 and 2016 was \$(0.00).

In February 2016, the Company sold 5,000,000 shares of GulfSlope common stock with a cost value of \$268,000 for cash proceeds of \$50,000 and recorded a realized loss of \$218,000.

Off-Balance Sheet Arrangements

As of June 30, 2017, we had no off balance sheet transactions that have or are reasonably likely to have a current or future effect on our financial condition, changes in our financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

As of June 30, 2017, our exposure to market risk is limited. We do not expect unfavorable changes in concentration of credit risk and interest rates impacting our current balances as of June 30, 2017.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

We carried out an evaluation, under the supervision and with the participation of our management, including our principal executive officer (who also serves as our principal financial officer) of the effectiveness of our disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) as of the period covered by this Form 10-Q. Based upon that evaluation, our principal executive officer (who also serves as our principal financial officer) concluded that, as of the end of the period covered in this report, our disclosure controls and procedures were effective to ensure that information required to be disclosed in reports filed by us under the Exchange Act is recorded, processed, summarized and reported within the required time periods and is accumulated and communicated to our management as appropriate to allow timely decisions regarding required disclosure.

Our management, including our principal executive officer, does not expect that our disclosure controls and procedures or our internal controls will prevent all errors or fraud. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Further, the design of a control system must reflect the fact that there are resource constraints and the benefits of controls must be considered relative to their costs. Due to the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, have been detected. Accordingly, management believes that the financial statements included in this report fairly present in all material respects our financial condition, results of operations and cash flows for the periods presented.

Management's Interim Report on Internal Control over Financial Reporting

Our management is responsible for establishing and maintaining adequate internal control over financial reporting (as defined in Rule 13a-15(f) under the Exchange Act). Our internal control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with accounting principles generally accepted in the United States.

Because of its inherent limitations, internal control over financial reporting may not prevent or detect misstatements. Therefore, even those systems determined to be effective can provide only reasonable assurance of achieving their control objectives.

Changes in Internal Control over Financial Reporting

There have been no changes in internal control over financial reporting.

PART II - OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

Management is not aware of any legal proceedings contemplated by any governmental authority or any other party against us. None of our directors, officers or affiliates are (i) a party adverse to us in any legal proceedings, or (ii) have an adverse interest to us in any legal proceedings. Management is not aware of any other legal proceedings that have been threatened against us.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

None.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES

None.

ITEM 4. MINE SAFETY DISCLOSURES

None.

ITEM 5. OTHER INFORMATION

None.

ITEM 6. EXHIBITS

Exhibit Number	Exhibit Description
31.1 (1)	Certification of the Chief Executive Officer and Chief Financial Officer Pursuant to Rule 13a-14 or 15d-14 of the Exchange Act pursuant to Section 302 of the Sarbanes-Oxley Act of 2002
32.1 (1)	Certification of the Chief Executive Officer and Chief Financial Officer Pursuant to 18 U.S.C. Section 1350 as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002
(1)	Filed herewith.

SIGNATURES

Pursuant to the requirements of Section 13 or 15(d) of the Exchange Act, the Registrant has duly caused this Quarterly Report to be signed on its behalf by the undersigned thereunto duly authorized.

Date: January 11, 2018

TEXAS SOUTH ENERGY, INC.

EXHIBIT 31.1

**CERTIFICATION OF THE PRINCIPAL EXECUTIVE OFFICER AND PRINCIPAL FINANCIAL OFFICER
PURSUANT TO RULE 13a – 14 AND RULE 15d – 14
OF THE SECURITIES EXCHANGE ACT OF 1934, AS AMENDED**

I, Michael J. Mayell, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q/A for the three months ended June 30, 2017 of Texas South Energy, Inc. (the “Registrant”);
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the Registrant as of, and for, the periods presented in this report;
4. I am responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13(a)-15(f) and 15(d)-15(f)) for the Registrant and have:
 - a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under my supervision, to ensure that material information relating to the Registrant, including its consolidated subsidiaries, is made known to me by others within those entities, particularly during the period in which this report is being prepared;
 - b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under my supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c. Evaluated the effectiveness of the Registrant’s disclosure controls and procedures and presented in this report my conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d. Disclosed in this report any change in the Registrant’s internal control over financial reporting that occurred during the Registrant’s most recent fiscal quarter (the Registrant’s fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the Registrant’s internal control over financial reporting.
5. I have disclosed, based on my most recent evaluation of internal control over financial reporting, to the Registrant’s auditors and the audit committee of the Registrant’s board of directors (or persons performing the equivalent functions):
 - a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the Registrant’s ability to record, process, summarize and report financial information; and
 - b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the Registrant’s internal control over financial reporting.
